

ENDORSEMENTS

FULFILLS AI.II.J, AI.II.K

Objective	
This document shall serve as a quick reference guide to understanding pilot endorsements and flight instructor responsibilities.	
Instructor Actions	Student Actions
- Provide the student with the appropriate endorsement in accordance with 14 CFR Part 61 and AC 61-65J	- None
Case Studies	Equipment
- None	- AC 61-65J - FAR/AIM - Pilot Logbook
Completion Standards	
N/A	

STUDENT AND PRIVATE PILOTS

TSA	• A.14 - Endorsement of U.S. citizenship recommended by the Transportation Security Administration (TSA): Title 49 of the Code of Federal Regulations (49 CFR) part 1552, § 1552.15(c). CFI: keep record for 5 years
Pre-Solo Written Pre-Solo Flight Training Pre-Solo Night Training	• A.3 - Pre-solo aeronautical knowledge: § 61.87(b). • A.4 - Pre-solo flight training: § 61.87(c)(1) and (2). • A.5 - Pre-solo flight training at night: § 61.87(o).
Solo Flight	• A.6 - Solo flight (first 90-calendar-day period): § 61.87(n). • A.7 - Solo flight (each additional 90-calendar-day period): § 61.87(p).
Solo Cross Country	• A.8 - Solo takeoffs and landings at another airport within 25 nautical miles (NM): § 61.93(b)(1). • A.9 - Solo cross-country flight: § 61.93(c)(1) and (2). • A.10 - Solo cross-country flight: § 61.93(c)(3). Reviewed planning • A.11 - Repeated solo cross-country flights not more than 50 NM from the point of departure: § 61.93(b)(2). • A.12 - Solo flight in Class B airspace: § 61.95(a). • A.13 - Solo flight to, from, or at an airport located in Class B airspace: § 61.95(b) and § 91.131(b)(1).
Knowledge Test	• A.32 - Aeronautical knowledge test: §§ 61.35(a)(1), 61.103(d), and 61.105. • A.82 - Review of a home-study curriculum: § 61.35(a)(1).*
Flight Proficiency and PPL Checkride Specific	• A.33 - Flight proficiency/practical test: §§ 61.103(f), 61.107(b), and 61.109.
Checkride General	• A.1 - Prerequisites for practical test: § 61.39(a)(6)(i) and (ii). • A.2 - Review of deficiencies identified on airman knowledge test: § 61.39(a)(6)(iii), as required.
Retest after Failure	• A.73 - Retesting after failure of a knowledge or practical test: § 61.49.

*Note on A.82 - SP aeronautical knowledge can be demonstrated through online ground course, logged instructor training, or instructor review and endorsement of home study curriculum.

INSTRUMENT RATING

Knowledge Test	• A.38 - Aeronautical knowledge test: §§ 61.35(a)(1) and 61.65(a) and (b)
Flight Proficiency	• A.39 - Flight proficiency/practical test: § 61.65(a)(6).
Pre-Checkride Training	• A.40 - Prerequisites for instrument practical tests: § 61.39(a).
Checkride General	• A.1 - Prerequisites for practical test: § 61.39(a)(6)(i) and (ii). • A.2 - Review of deficiencies identified on airman knowledge test: § 61.39(a)(6)(iii), as required.
Retest after Failure	• A.73 - Retesting after failure of a knowledge or practical test: § 61.49.

COMMERCIAL PILOT

Knowledge Test	• A.34 - Aeronautical knowledge test: §§ 61.35(a)(1), 61.123(c), and 61.125.
Flight Proficiency and CPL Checkride Specific	• A.35 - Flight proficiency/practical test: §§ 61.123(e), 61.127, and 61.129.
Checkride General	• A.1 - Prerequisites for practical test: § 61.39(a)(6)(i) and (ii). • A.2 - Review of deficiencies identified on airman knowledge test: § 61.39(a)(6)(iii), as required.
Retest after Failure	• A.73 - Retesting after failure of a knowledge or practical test: § 61.49.

ADDED CATEGORY

Knowledge Test	Not Required, if current certificate is for airplane, rotorcraft, powered-lift, weight-shift-control aircraft, powered parachute, or airship rating
Flight Time	Must meet requirements of § 61.109 (private) or § 61.129 (commercial), including solo time if applicable
Solo Flight	• A.72 - To act as PIC of an aircraft in solo operations when the pilot does not hold an appropriate category/class rating: § 61.31(d)(2).
Additional Rating	• A.74 - Additional aircraft category or class rating (other than ATP): § 61.63(b) or (c).
Checkride General	• A.1 - Prerequisites for practical test: § 61.39(a)(6)(i) and (ii). • A.2 - Review of deficiencies identified on airman knowledge test: § 61.39(a)(6)(iii), as required.
Retest after Failure	• A.73 - Retesting after failure of a knowledge or practical test: § 61.49.

ADDED CLASS

Knowledge Test	Not required, if current certificate is for airplane, rotorcraft, powered-lift, weight-shift-control aircraft, powered parachute, or airship rating
Flight Time	Not required to meet 61.109 or 61.129
Solo Flight	• A.72 - To act as PIC of an aircraft in solo operations when the pilot does not hold an appropriate category/class rating: § 61.31(d)(2).
Additional Rating	• A.74 - Additional aircraft category or class rating (other than ATP): § 61.63(b) or (c).
Checkride General	• A.1 - Prerequisites for practical test: § 61.39(a)(6)(i) and (ii). • A.2 - Review of deficiencies identified on airman knowledge test: § 61.39(a)(6)(iii), as required.
Retest after Failure	• A.73 - Retesting after failure of a knowledge or practical test: § 61.49.

FLIGHT INSTRUCTORS

Knowledge Test	• A.41 - Fundamentals of instructing knowledge test: § 61.183(d). • A.42 - Flight instructor aeronautical knowledge test: § 61.183(f).
Flight Proficiency and CFI Checkride Specific	• A.43 - Flight instructor ground and flight proficiency/practical test: § 61.183(g).
Stall and Spin Awareness	• A.45 - Spin training: § 61.183(i)(1).
Checkride General	• A.1 - Prerequisites for practical test: § 61.39(a)(6)(i) and (ii). • A.2 - Review of deficiencies identified on airman knowledge test: § 61.39(a)(6)(iii), as required.
Retest after Failure	• A.73 - Retesting after failure of a knowledge or practical test: § 61.49.

ADDITIONAL ENDORSEMENTS

Flight Review	• A.65 - Completion of a flight review: § 61.56(a) and (c). • A.66 - Completion of any phase of an FAA-sponsored Pilot Prof. Program (WINGS): § 61.56(e).
IPC	• A.67 - Completion of an instrument proficiency check (IPC): § 61.57(d).
PIC in Complex	• A.68 - To act as PIC in a complex airplane: § 61.31(e).
PIC in High Performance	• A.69 - To act as PIC in a high-performance airplane: § 61.31(f).
PIC in High Altitude	• A.70 - To act as PIC in a pressurized aircraft capable of high-altitude operations: § 61.31(g).
PIC in Tailwheel	• A.71 - To act as PIC in a tailwheel airplane: § 61.31(i).

ELEMENTS OF PRE-SOLO WRITTEN § 61.87(b).

- Airspace rules and procedures for the airport where the solo flight will be performed
- Flight characteristics and operational limitations for the make and model of aircraft to be flown.

30.4 Flight Instructor Certificates With an Expiration Date. A person who holds an unexpired flight instructor certificate issued before December 1, 2024, may renew that certificate by establishing recent experience prior to the month of expiration on that person's flight instructor certificate. After establishing recent experience, the instructor must submit FAA Form 8710-1 to an ASI, AST, or authorized designee for validation. The instructor will be issued a new flight instructor certificate without an expiration date.

METHODS OF MEETING CFI REGENCY § 61.197(a).

- 1 Passing a Practical Test** - Pass a practical test for a current or new flight instructor rating (CFI adding CFII or MEI)
- 2 Student Success Record** - Show records indicating that the instructor has endorsed at least five students for a practical test within the last 24 months, with an 80% or higher first-attempt pass rate. **Gold Seal meets this**
- 3 Completion of a Flight Instructor Refresher Course (FIRC)** - A graduation certificate showing that, within the preceding 3 calendar months, the person has successfully completed an approved flight instructor refresher course consisting of ground training or flight training, or a combination of both.
- 4 Military Proficiency Check** - N/A to me
- 5 Service as a Pilot Evaluator in Professional Operations** - If regularly evaluating pilots in Part 121/135 environment or DPE
- 6 Participation in the FAA WINGS Program** - Validate recent experience by serving as an instructor in the FAA's WINGS Pilot Proficiency Program. Requirements: conducting at least 15 flight activities recognized under the WINGS program within the preceding 24 months, evaluating at least five different pilots during these activities, and making the required endorsements in each pilot's logbook for each activity.

3 month grace period if CFI fails to meet renewal/recency requirements - can complete FIRC and submit. **If past 3 month period, must take practical test**

DEFENSE MECHANISMS D Denial R Repression D Displacement R Rationalization F Fantast C Compensation P Projection R Reaction Forming		ABNORMAL REACTIONS TO STRESS P Painsaking self control R Rapid change in emotion E Extreme over cooperation S Severe anger I Inappropriate laughter or singing M Marked change in mood at particular lesson	BARRIERS TO EFFECTIVE COMMUNICATION C Confusion between symbol and symbolized object O Overuse of abstractions I Interference L Lack of common experience E External factors (Maslow)
DEVELOPING COMMUNICATION SKILLS L Listening I Instructional communication (organized and coherent) Q Questioning (closed-Ruac, why/how - ruAC) I Instructional enhancement (professional development) R Role playing		MASLOW'S HEIRARCHY Physiological Air, water, food, shelter, sleep Safety and Security Duct tape Love and Belonging It can be intimidating for a student to start at a new school Self Esteem Internal esteem - How I think about myself (instructors should promote that internal ego) External esteem - How I think others perceive me (embarrassing story) Self Actualization Need to achieve their own potential	

LEARNING - A change in behavior as a result of experience			
FACTORS AFFECTING PERCEPTION G Goals and values S Self concept T Time and opportunity E Element of threat P Physical organism (five senses)		LAWS OF LEARNING R Readiness E Excercise E Effect P Primacy I Intensity R Recency	LEVELS OF LEARNING (COGNITIVE) R Rote P factor yaws plane left U Understanding WHY? Down moving blade has higher V A Application APPLY - Put fact to use (right rudder) C Correlation Relate to another facet - slow flight
ACQUIRING KNOWLEDGE M Memorization U Understanding C Concept learning		CHARACTERISTICS P Purposeful (SP needs purpose) E result of Experience (see def.) M Multifaceted (involves many senses) A Active process (needs SP involved)	
TYPES OF PRACTICE D Deliberate Practice on portion of lesson - roll in steep turn B Blocked Repetive, robot-like practice (BAD) R Random Variety - best for intensity		STAGES IN AFFECTIVE DOMAIN A Awareness Open to idea and ready (readiness) to learn R Response SP interacts and participates in lesson. V Value SP sees value in training O Organizing SP organizes training in personal belief system I Integration SP integrates lesson and can correlate STAGES IN PSYCHOMOTOR DOMAIN O Observation SP watches mauever I Imitation SP tries it themselves P Practice SP practices with/without instructor H Habit Until automatic response	
MINIMIZING ERRORS D Develop routines and standardized flows R Raising awareness C Check for errors U Using reminders L Learning and practicing T Taking time and dont rush		IMPROVING RETENTION M Meaning repetition aids recall R Recall prompted by association L Learn with all senses A Attitudes that are favorable M Mnemonics P Praise will stimulate recall	STAGES OF SKILL KNOWLEDGE C Cognitive rote procedure A Associative SP can assess A Automatic Response Second nature TRANSFER OF LEARNING Positive/Negative Helps/hinders Near/Far WRT other lessons

ESSENTIAL SKILLS	DELIVERY METHODS	INTRODUCTION
P People skills		A Attention
A Assessment skills	L Lecture	M Motivaiton
M Management skills		O Overview
S Subject matter expertise		DEVELOPMENT
Q's IN GUIDED DISCUS	G Guided Discussion	Past to Present
H Have specific purpose	E E-Learning	Simple to Complex
C Clear in meaning	C CBT	Known to Unknown
C Constant idea	C Cooperative/group learning	Most Used to Least Used
S Stimulate thought	D Demonstrate performance	CONCLUSION
R Require definite answer		
R Relates to previous material	D Drill and practice	
SCENARIO BASED TRAINING	TYPES OF LECTURES	
S Should promote SA and opportunities for ADM	I Illustrated Talk Utilizing training aid	
D Does not have an obvious answer	B Briefing Clear and concise direct facts	
W Will not have one right answer	F Formal Little interaction with students	
I Is not a test	I Informal Some audience participation	
N iInteractive	T Teaching Most interactive, hands on	
D Domains (cognitive, affective, psychomotor)		
R Requires time-pressured decisions		
S Should not promote errors		

CHARACTERISTICS OF ASSESSMENT	TRADITIONAL ASSESSMENTS (TESTS)
F Flexible Fit tone, technique, and content	D Discrimination Test should tell difference between SP ability
A Acceptable SP must accept where critique is from	R Reliability Degree to which test results are consistent
S Specific No room for interpretation	C Comprehensiveness Test covers all content?
T Thoughtful Respect the feelings of the SP	O Objectivity Selection type is most, essay least
C Comprehensive Cover both weaknesses and strengths	V Validity Test measures what its supposed to measure
O Objective No personal opinions	U Usability Fonts, graphics...
C Constructive Give positive guidance for correction	TYPES OF CRITIQUES
O Organized Assessment should be in order	I Instructor/Student Instructor leads class discussion on
BAD QUESTIONS	S Student-Led Students lead critique
P Puzling	S Small Group Class is divided, each person analyzes portion
O Oversize	I Individual SP by SP Another SP evals main SP
T Toss-up	S Self critique "How do you think you did"
B Bewilderment	W Written critique Non-collaborative, but SP can keep record
I Irrevelent	LEARNER CENTERED ASSESSMENT
T Trick	R Replay Walk me through the lesson
	R Reconstruct Ask SP to identify what could do different
	R Reflect Ask why/how did they go wrong
	R Redirect Form insights to help future lessons

AVIATION INSTRUCTOR RESPONSIBILITIES

- H** Helping learners
- E** Emphasizing the positives
- M** Minimizing frustrations (MACKBAG)
- P** Providing adequate instruction
- S** Standards of performance
- E** Ensuring aviation safety (role model)

MINIMIZING FRUSTRATIONS

- M** Motivate learners
- A** Approach learners as individuals
- C** Criticize constructively
- K** Keep learners informed
- B** Be consistent
- A** Admit errors
- G** Give credit where credit is due

FAST LEARNERS

present unique difficulties: they make few mistakes and thus ignore the importance of correcting errors. Instructor should raise standards of performance but not give unfair criticism for the sake of it.

SLOW LEARNERS

assign more easily attained goals. Before attempting a complex task, the instructor separates it into discrete elements, and the learner practices and becomes good at each element

FLIGHT INSTRUCTOR RESPONSIBILITIES

- P** Pilot supervision
- E** Evaluation of SP ability
- E** Endorsements
- P** Practical test recommendations
- P** Physiological obstacles (don't ridicule for nervousness)
- A** Additional training and endorsements
- S** See and avoid
- E** Ensure student skillset

FLIGHT INSTRUCTOR QUALIFICATIONS AND PROFESSIONALISM

- S** Sincerity
- A** Acceptance
- D** Demasor
- P** Personal appearance and habits
- P** Profanity
